SUMMARY

I am a ambitious MERN Stack developer seeking an opportunity to work with a team that can utilize my ability to produce creative solutions.
I have successfully worked with a number of clients to define requirements, design new system elements, implement new functionalities and optimize existing systems.
Always create clean and expandable code.
Still, I always learn new skills whenever I have the opportunity.

WORK EXPERIENCE

ENO8   07/2021 - 04/2024

Zazz

- ENO8 is a leading MERN stack development agency in the USA, known for its innovative solutions and customer-centric approach.
- Developed various web applications using MERN Stack for over 4 years.
- Designed and implemented a modern user-friendly interface for a large enterprise product.
- Developed and maintained software solutions in accordance with coding standards and best practices.

Fadel   05/2020 - 05/2021

Lockman and Mohr

- Collaborated with other developers and stakeholders to ensure successful completion of projects.
- Developed and maintained unit tests to ensure the quality of code.
- Assisted in debugging and troubleshooting of existing applications
